## POST CONSTRUCTION CLEANING

*Dr. Mop offer post construction cleaning services to unveil the real beauty of your home after construction prior to delivery to the owner. We all know that after building construction there are potential to have lots of debris and dirt littered everywhere which has high potential to cause tripping hazard and health concern hazards, if it left unattended within the period of the project executions.*

*In order to mitigate the potential hazards and give your home the real beauty, Dr. Mop offer outstanding cleaning services that will unveil the beauty of your interior and exterior design by providing effective cleaning services.*

*It's worth noted that post construction cleaning is a tedious job that must be given to the expert to remove all stains such as cement stain, paint stains, pop stains and give your home a befitting look it really desire.*

*Without post cleaning services, your project still not completed and you may not be satisfying your clients. To this end consider Dr. Mop cleaning services for your outstanding job as we make use of latest supplies and chemical that are health friendly to execute our cleaning services.*

## LIVING ROOM CLEANING

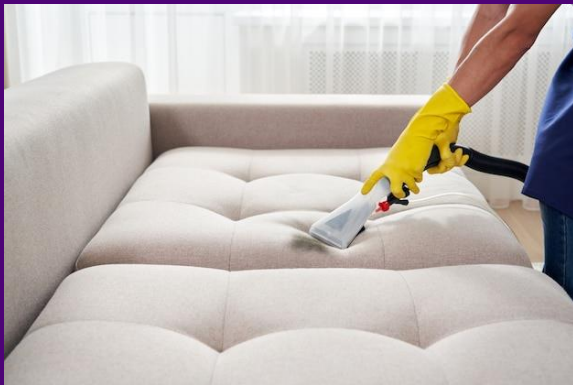

*The center of attractions in your home is the living room otherwise known as sitting room, this is part of the house where you receive visitors and family friends, this section of your house desired to be cleaned and neat always free from debris and dust of any kind. Your living room*

*floor should be glowing like gold and the furniture need to be dusted and free from*

*dirty, your electronics set should always look new and free from any dust, your curtain should be well arranging and attractive to people as most people will judge you base on the quality of your sitting room so you can afford not to have it clean always. To this end, Dr.Mop cleaning and services will give you best of how your living room should look like as our cleaners are specially trained for this purpose.*

## ***SOFA AND CHAIR CLEANING***

*The quality and cleanliness of your sofa is your pride as the risk of temporary and permanent stain is imminent as a result of our children, regular cleaning of your sofa gives it a new look. You might have spent millions of naira to get the best quality sofa of your choice but remember that the quality of your sofa does not exempt it from stain which has a very high potential to permanently damage the sofa by changing its look. Regular cleaning of your sofa will make it to wear a new look. Your sofa will be well clean and polished by our sofa cleaning expert offering decades of experience with suitable chemicals and stain removal. To this end, Dr.Mop cleaning and services gives you good job as we have done for hundreds of our customers and they are still happy asking us for our services.*

## ***CARPET DRY CLEANING***

*Dr. Mop offer dry cleaning services for your carpet to remove all the stain without getting it wet, our special carpet dry cleaning machine helps us to achieve this. It's worth noted that dirty cause most of the bad smell at home and offices originated from your carpet which creates lots of biohazards with high potential to cause some diseases like skin irritation and give your business bad name. It's therefore necessary to have a cleaning log records for your carpets. To this end contract your floor carpet cleaning to us and experience a healthy life.*

## AIR CONDITION CLEANING

*We all enjoy the comfort from air conditional system especially during the summer when everywhere is hot, however, do you know that someone could get some infections like catarrh and cough from dirty air condition unit? Regular cleaning of your air condition is*

*not optional but necessary. The filters need to be removed by expert and clean up on regular basis aside give you fresh cool, it also enables the machine to blow well and give it long life. To this end Dr Mop cleaning section provide professional cleaning services to your air condition with the help of our trained and dedicated air condition cleaner*

## RESTAURANT CLEANING

*Have you ever entered into some restaurants and vow never to be there again due to the foul smell that originated from the environment? In a civilized world, restaurants are always under strict control of the government to ensure high level of hygiene is*

*maintaining at all time in order to prevent potential food poison that may spread to become epidemics. To this end your restaurant should always look neat and smell good as this will add value to your business and make you stand out by retaining your customers and attract new one. To this end, consider Dr. Mop cleaning services to assist you in promoting the hygiene level of your restaurant.*

## SCHOOL CLEANING

*Hygiene and cleanliness are very important in every academic environment especially for primary school. Children touches anything, the wall, the tables and chairs, their bags etc. all these things need be clean always. Research shows that 80% of diseases contacted by children is a result of unclean substances which they touch and use the same hand to touch their mouth this is the reason why world health organization advised hand washing and even celebrate it annually.*

*Therefore, school cleaning needs to be done and handle by expert whom are trained to perform such function including regular washing of your toilets, kitchen, dining room and other sensitive part of your school. Contract your school cleaning to us and experience new face of hygiene and consequently attract new customers and retain the existing one.*

## HOTEL CLEANING

*One outstanding fact about hospitality industry is the uniqueness in the cleanliness and how good looking the environment are. If your hotel looks dirty with foul smelling no customers will love to patronize you. However, housekeeping in hospitality industry require high level of technicality as cleaners in this sector need to be trained to be creative in their housekeeping method including laying of beds and arrangement of guest tables.*

*One major reason why you should think of contracting out your hotel housekeeping to a company is that hiring a cleaner on the street may not be healthy for your organization as guest may forget valuables in their rooms and be taken by cleaner*

*and run away since there is no proper documentation and background checking to know whom to contact in case of such scenario and no major legal contract signed by both party this will tarnish the image of your hotel and make you to lose lots of customers*

*However, if your cleaners are supplied by company the insurance will pay back whatever items as our employees are well trained and insured by the insurance company. To this end Dr. Mop cleaning services provide state of the heart cleaning services to your hospitality industry with our specially trained professional cleaners.*

## **RESIDENTIAL CLEANING**

*At Dr. Mop cleaning and services, we offer complete residential cleaning both normal cleaning and deep cleaning. Our professional cleaners will make your home to look good and astonish as we provide perfect cleaning services to all area of your home including your*

*toilets, kitchen, bedrooms, sitting rooms, clean your sofa, your electronics, your refrigerator, air condition, fan etc. Hundreds of thousands of our customers are happy with us with quality of our services*

## **COMMERCIAL CLEANING**

*Dr. Mop cleaning and services offer commercial cleaning services to industries, financial institutions, hospital, Construction Company, schools (primary to university). Mall cleaning, supermarket cleaning, government facilities, shops etc. Our cleaners*

*are well trained to handle any form of commercial cleaning services with user friendly cleaning chemicals. Dr. Mop offer best services to our customers and they are happy doing business with us*
